Europe collection champion

The title can be awarded if at least 20 animals of a breed are registered. If 20 animals are also registered within individual color varieties, another title can be awarded there. The Europe collection champion title is calculated with the highest total score of the 4 best animals of the same color. Both sexes must be represented. If there is equality of points, both exhibitors will receive the title 'Europe collection champion'. The winners will be calculated. The regulations may be made more difficult by the show management, but not lighter.

Europe champion

The title Europe champion can be awarded according to the regulations for EE Europe Shows according to the following conditions:

- a) For at least 20 registered animals within each breed, the title of Europe champion will be awarded. Regardless of sex, the best animal is awarded.
- b) If individual colors meet these requirements (20 animals), further Europe champion titles can be awarded within the breed.
- c) If more than 40 animals are registered per breed, the best male and the best female will be awarded this title. This also applies to the individual colors, provided they meet these conditions (40 animals per color).
- d) For the title Europe champion at least the note 'very good' 95 Pt. must be obtained. The title will be awarded to the highest rated animal. If there are several animals with the same number of points, the award will be given by the chief judge in collaboration with a judging panel, which will have to include at least two other judges from different nations.

Youth Europe show It is desirable to provide a youth class within a breed-specific Europe show. Young breeders up to 18 years old can participate in it.

Youth Europe collection champion

The title of 'Youth Europe collection champion' is awarded based on the regulations for EE Europe Shows. Accordingly, the title can be awarded if at least 10 animals of a breed are registered. If 10 animals are also registered within individual colors, another title can be awarded there. The Europe collection champion title is calculated with the highest total score of the 4 best animals of the same color. Both sexes must be represented. If there is equality of points, both exhibitors will receive the title 'Europe collection champion'. The winners will be calculated.

Youth Europe champion

With at least 10 registered animals in the youth class, the title of "Youth Europe champion" will be awarded to the best animal. Regardless of sex, the best animal is awarded the certificate 'Youth Europe champion'. If 10 animals are also registered within individual colors, another title can be awarded there. Are 20 or more animals registered in the youth class, the best male and best female will be awarded the 'Youth Europe champion' title.

If 20 animals are also registered within individual colors, another title can be awarded to the best male and the best female. For the awarding of the 'Youth Europe champion' title, at least the note "very good" / 94 points must be obtained
